yeah... it was really because of "spam", I was originally perma banned and couldn't get on the forums. The mods fixed it though and the rest is history.

I got the angst ban. The one that comes with the warning message and is supposed to expire immediately. Except mine didn't. It was only for a day, though.

personal info, evading a ban and another time for another thing i don't remember, i think i was accidentally rude to someone. but i get a lot of locked and deleted threads for discussing lgbtqa+ stuff, like about 7 threads are gone.

people come into our lives for a reason
bringing something we must learn
we are led to those who help us most to grow
& we help them in return
i don't know if i believe that's true
but i know i'm who i am today
because i knew you
